Analysis and reference software (Available on SOM Managed machines only)	
Requires installation by SOMTech via Ticket	**Available through Software Center/Self Service**
SAS	SPSS
EndNote (Requires License)	JMP
REDCap (Requires License / Account)	MATLAB
Graphpad Prism (Requires license)	nQuery/nTerim
LaTeX	R/R Studio
	SigmaPlot
	Mendeley
	Zotero

Apps2Go			
Apps2Go is a VCU ran Citrix server that allows access of certain software without the need for licensing. In order to run Apps2Go, users will need to install the Citrix Workspace app here. Software in Apps2Go is free but is subject to concurrent licensing (simultaneous users) and if that capacity is reached, then the software is not available for use.
